Step Number	Reference ID	Reference Name	Required	Primary	Source Information
	ATP 3-21.10	Infantry Rifle Company	Yes	No	
	ATP 3-90.1	Armor and Mechanized Infantry Company Team	Yes	Yes	

Conditions: The company is conducting operations in a live training environment independently or as part of a battalion or larger force. The company receives an operation order (OPORD) or fragmentary order (FRAGORD) to conduct a raid. Indirect fire and close air support (CAS) are available. The company is conducting operations at night in a dynamic and complex operational environment against a hybrid threat. All personnel and equipment are available. The company has communications with higher, adjacent, and subordinate elements. The company has guidance on the rules of engagement (ROE).

Dynamic Operational Environment: Requires three or more operational and two or more mission variables change during the execution of the assessed task.

Complex Operational Environment: Requires changes to four or more operational variables impact the chosen friendly course of action (COA)/mission.

Hybrid Threat: Diverse and dynamic combination of regular forces, irregular forces, and criminal elements all unified to achieve mutually benefiting effects. Some iterations of this task should be performed in MOPP 4.

Standards: The company conducts a raid according to ATP 3-90.1, the order, and the higher commander's guidance. The company temporarily seizes an area in order to secure information, confuses an enemy, captures personnel or equipment, or destroys a capability culminating in a planned withdrawal. The company complies with the ROE.

The rifle and armor company (ABCT) has 7 of 9 (75%) of the company's leaders and 80% of the Soldiers present at training against the company's authorized strength. The company attains 80% on performance measures, 100% on critical performance measures, and 85% on leader performance measures achieving a T (fully trained).

Note: The rifle and armor company (ABCT) leaders are the commander, executive officer, first sergeant, platoon leader (x3), and platoon sergeant (x3).

Live Fire: No

Environment: Environmental protection is not just the law but the right thing to do. It is a continual process and starts with deliberate planning. Always be alert to ways to protect our environment during training and missions. In doing so, you will contribute to the sustainment of our training resources while protecting people and the environment from harmful effects. Refer to the current Environmental Considerations manual and the current GTA Environmental-related Risk Assessment card. .

Safety: In a training environment, leaders must perform a risk assessment in accordance with current Risk Management Doctrine. Leaders will complete the current Deliberate Risk Assessment Worksheet in accordance with the TRADOC Safety Officer during the planning and completion of each task and sub-task by assessing mission, enemy, terrain and weather, troops and support available-time available and civil considerations, (METT-TC). Note: During MOPP training, leaders must ensure personnel are monitored for potential heat injury. Local policies and procedures must be followed during times of increased heat category in order to avoid heat related injury. Consider the MOPP work/rest cycles and water replacement guidelines IAW

current CBRN doctrine. .
